

# Alireza Afshari Safavi

---

## Home

No. 14, Taleghani 3 St,  
Taleghani Blvd., Bojnurd, Iran.  
Phone: +98-5832243492

## University

North Khorasan University  
of Medical Sciences, School  
of Health, Bojnurd, Iran.  
Phone: +98-5832240571

## Email

alireza.afsharisafavi@gmail.com  
a.afshari@nkums.ac.ir

## Cell

+98-9388787845  
+98-9159104813

## Place and date of birth

Mashhad, 27 Feb 1986

## Marital Status

Married

## Military service

Served

## EDUCATION

---

### **Ph.D., Biostatistics, Isfahan University of Medical Sciences, 2019**

Concentrations: Biostatistics, Missing data

Dissertation: *Application of random effects pattern-mixture models in combination with inverse probability weighting for continuous non ignorable non response in longitudinal clinical studies.*

Dissertation Advisor: Sayyed Mohsen Hosseini, Ph.D.

### **M.Sc., Biostatistics, Kermanshah University of Medical Sciences, 2014**

Concentrations: Biostatistics, Longitudinal studies

Thesis: *Comparison of working Correlation Matrices in Parameter Estimation Using Generalized Estimation Equations model in order to determine the factors associated with Iron Overload in Patients with Thalassemia.*

Thesis Advisor: Amir Hossein Hashemian, Ph.D.

### **B.Sc., Statistics, Birjand University, 2009**

## TEACHING EXPERIENCE

---

### **Instructor, Isfahan University of Medical Sciences, 2014-2018**

Courses: Biostatistics, Research Methodology.

### **Teaching Assistant, Isfahan University of Medical Sciences, 2016-2018**

Courses: Biostatistics using SPSS.

### **Instructor, Hasht Behesht University, 2017-2019**

Courses: statistics and probabilities.

### **Instructor, Shahid Ashrafi Esfahani University, 2018-2019**

Courses: Biostatistics, Engineering statistics and probabilities.

## **RESEARCH EXPERIENCE**

---

**Member of Statistics Committee, Isfahan Students' Cohort Study (RASAD), Isfahan University of Medical Sciences 2016**

**Statistical Analyst, Neuroscience research center, Isfahan University of Medical sciences, 2018.**

## **PUBLICATIONS**

---

### **Books**

1. Alireza Afshari Safavi, Yaser Tabaraei (2016), Application of advanced statistical methods in medical studies using SPSS, Sabzevar, Sabzevar University of Medical Sciences.
2. Yaser Tabaraei, Alireza Afshari Safavi (2016), Research Methodology and Proposal Writing in Medical Sciences, Sabzevar, Sabzevar University of Medical Sciences.

### **PRESENTATIONS**

---

1. M Rezaei, A Afshari-Safavi, B Beiranvand, H Kashefi (2014). "Comparison of EM Algorithm and Standard Missing Data Methods." Paper presented at the 12<sup>th</sup> Iranian Statistical Conference at the University of Kermanshah.
2. A Afshari-Safavi, M Rezaei, N Masoudi Alavi (2014). "The Application of Path Analysis in Determination of Predictors of the Self-Treatment in Diabetic Patients." Paper presented at the 12<sup>th</sup> Iranian Statistical Conference at the University of Kermanshah.
3. F Khamoushi, E Sadeghi, A Afshari-Safavi (2014). "Prevalence of metabolic syndrome in using systematic review of studies in Iran". Paper presented at the Annual Research Congress of Iranian Medical Sciences Student at the Kermanshah University of Medical Sciences.
4. E Zandkarimi, A Afshari-Safavi, M Rezaei (2015). "Comparison of neural network and logistic regression in determination of risk factors of type 2 diabetes." Paper presented at the 6<sup>th</sup> Iranian Congress of Epidemiology at the Yasuj University of Medical Sciences.
5. B Beiranvand, F Heidari, H Kashefi, A Afshari-Safavi (2014). "Evaluation of Burnout in Radiology Staff of University Hospitals in Kermanshah". Paper presented at the Annual Research Congress of Iranian Medical Sciences Student at the Kermanshah University of Medical Sciences.
6. S Izad Panah, M Ziaei, A Mehrabi, A Afshari-Safavi, S Zare, "The Relationship between Safety Climate and Job Motivation among Employees of an Oil Company in Western of Iran." Paper presented at the 7<sup>th</sup> University Student Conference on Innovation in Health Sciences at the Shahid Beheshti University of Medical Sciences.

### **RELEVANT SKILLS**

---

Programming ability in R software  
Extensive knowledge of SPSS statistical program.  
Brief knowledge of SAS and STATA statistical programs.
