

CV

1. PERSONAL DETAILS:

Full name:	Rajabali Hokmabadi
Address:	North Khorasan University of Medical Sciences
E-mail:	Abi.hse2006@gmail.com - R.hokmabadi@nkums.ac.ir
Tel:	09153728265
Birth date:	1983/9/ 3
Marriage status:	Married

2. Education:

Date	Place	Title	Average
1380-1382	Hse College of Shahhid behshti University of Medical Sciences	Assistant of industrial safety	18
1382-1384	iran University of Medical Sciences	Bachelor of occupational Health	18.5
1385-1388	Shahhid behshti University of Medical Sciences	Master of occupational Health	18.05

3. QUALIFICATIONS: (exampled format)

Date	Title	Organizer and held place
1390 until 1398	Course syllabus of occupational Health engineering (more than of 100 units)	North Khorasan University of Medical Sciences

4. WORK & TUTORIAL EXPERIENCES:

Date	Title	Organizer and held place
1390 until 1398	Faculty member	North Khorasan University of Medical Sciences

5. PROJECTS:

Date	Title	Organizer and held place
1386	Implementation of Ergonomics Identification Card at Iran Khodro Workstations	Iran Khodro company
1387	Musculoskeletal and visual disorders of the staff of the North Terminal	North terminal
1388	Implementation of Ergonomic Identity Identification at Mega Motors Company Workstations	Mega Motors Company
1388	Compilation of indicators to measure road safety performance	Center for Safety Research and Injury Prevention
1391	The Relationship between Knowledge of ergonomic science and the degree of occupational injuries of nursing staff in selected educational hospitals	North Khorasan University
1392	Measurement of ultraviolet radiation type A in open spaces of Bojnurd city	North Khorasan University
1392	Measurement of noise pollution in emergency care units of hospitals in Bojnourd	North Khorasan University
1392	Measurement of X-ray in radiographic centers of hospitals	North Khorasan University
1392	Measuring the amount of noise pollution in the small workshops of Bojnourd	North Khorasan University
1392	Ergonomic evaluation of the status of dentists through the rapid assessment of the whole body (REBA) and the incidence of musculoskeletal symptoms among them	North Khorasan University
1393	IR-A infrared radiation measurement in bakeries in Bojnourd	North Khorasan University
1393	The study of the environmental health status of carpet workshops of Esfarayne	North Khorasan University
1395	Ergonomic evaluation of construction workers by KIM method	North Khorasan University
1395	Evaluation of thermal stress in bakery workers by WBGT and HSI methods	North Khorasan University
1395	Fire risk assessment using the FRAME method in a hospital complex	North Khorasan University

1395	Evaluation of Musculoskeletal Disorders and Related Factors in Employees of Imam Khomeini Hospital in Shirvan	North Khorasan University
1396	Investigation of occupational stress of drivers of Bus Company of Bojnourd	North Khorasan University
1396	Studying the status of occupational health in the small workshops of North Khorasan province	North Khorasan University
1396	Manufacture of parallel series pump pumps	North Khorasan University
1396	Making the pressure drop measurement system in the plumbing system	North Khorasan University
1397	Evaluation of exposure to ultraviolet and infrared rays in welding workers in Bojnourd	North Khorasan University
1397	Electro-magnetic emission from BTS antennas in Bojnourd	North Khorasan University

6. PUBLICATIONS:

6.1. Articles:

Evaluation of Musculoskeletal Disorders of the Upper Extremities of Upper Extremities by Tension Index in a Forging Industry/ Epidemiology of Iran journal/1387
Compilation of Road Safety Performance Index/ Health of Iran journal/ 1388
Prediction of the incidence of musculoskeletal disorders of the upper extremity by CTD Risk Index in potters of Meybod/ Zahedan Journal of Research in Medical Sciences / 1390
Ergonomic assessment of body condition in hairdressers/ North Khorasan Medical Journal/ 1390
Investigating the effect of airborne contaminant simulation enclosure as an educational aid instrument on the level of knowledge of professional health engineering students/ Journal of Yazd Medical Education Development Center/ Yazd Health tolloa/ 1392
Evaluation of noise pollution in emergency care units and emergency departments of educational hospitals of North Khorasan University of Medical Sciences/ North Khorasan Medical Journal/ 1392
Ergonomic evaluation of risk factors for musculoskeletal disorders in construction workers/ North Khorasan Medical Journal /1392
Design and manufacture of airborne contaminants production and

simulation chamber/ 1392
Study of road safety in the country between 2001 and 2006/ Journal of Occupational Health and Safety /1392
Measuring the intensity of ultraviolet ray of type A in the city of Bojnurd/ North Khorasan Medical Journal /1393
Noise pollution in small workshops covered by health centers in Bojnourd/ North Khorasan Medical Journal/ 1393
Ergonomic Evaluation of the Risk of Musculoskeletal Disorders in Workers of One of the Iranian Fiber Industries/ North Khorasan Medical Journal/ 1393
Ergonomic evaluation of the risk of WMSDs in workers working in brick burning furnaces in Yazd city/ North Khorasan Medical Journal /1393
Evaluation of some physical factors affecting the health and quality of students' performance in primary schools in Qom/ Occupational Medicine /1393
Examination of temperature in the classrooms of elementary schools in Qom province//payesh journal/ 1393
Fire risk assessment using a fire engineering assessment method in a hospital complex/ North Khorasan Medical Journal /1396
Evaluation of risk factors and prevalence of musculoskeletal disorders in employees of Shirvān hospital using REBA method./1396
Ergonomic Evaluation of risk factors for musculoskeletal disorders / Archives of Occupational Health/1397
Introduction of a simple chamber for the production/ Archives of Occupational Health/1397
Evaluation of ergonomic status of dentists by REBA method and its relationship with prevalence of musculoskeletal disorders/ Journal of Dental Medicine, Tehran University of Medical Sciences & Health Services/1397

6.2. Oral Presentations:

Evaluation of thermal stress based on the Gossen temperature index in bakery workers
Ergonomic evaluation of the risk of musculoskeletal disorders by the KIM method

6.3. Poster Presentations:

Posture assessment of workers in the centrifuge division of MyBod Sugar Factory by QEC method and ergonomic intervention
Ergonomic evaluation of the risk of musculoskeletal disorders by RULA method
The effect of social and family factors on unauthorized motorcycle age in

students in Yazd
Measurement of X-rays in the hospital's radiographic sections
noise Pollution in Hospitals of Bojnourd University of Medical Sciences/
Measurement of infrared rays in bakery production in North Khorasan province/
Measure the intensity of lighting in carpet workshops in Esfarayne city/
Ergonomic evaluation of the work conditions in Barbers by the REBA method
Assessment of safety and health hazards in an FMEA manufacturing company
Evaluation of the hazards of safety and hygiene of pressure vessels under PHA
Investigation and zonation of ultraviolet and infrared rays in the working environment of steel industry complex

6.3.Awards

Title	Exhibition	Year
Student ranked first masters	Shahhid behshti University of Medical Sciences	1385-1388
Third rank in top researcher	North Khorasan University of Medical Sciences	1391
First Ranked First Researcher	Health collage	1392
Top Provincial Officer	North Khorasan	1395
Superior Educational teacher	North Khorasan University of Medical Sciences	1394-1395

6.4-Books

Ten Principles of Ergonomics
Definitions, Formulas, and Equations for Occupational Safety and Health Professionals
Occupational Health in Dentistry
Occupational Health in Agriculture
Radiation health and its complications
Industrial ergonomics
Basics and application of sampling equipment, decomposing pollutants and measuring harmful factors
Reliability, quality and safety for engineering

Visible ergonomics
Guide to the principles of apprenticeship in the field

7. ADDITIONAL INFORMATION

Member of all committees of the School of Public Health
Research Officer of School of Public Health
Responsible Laboratory of Occupational Health, School of Public Health
Head of the Secretariat of the College of Recruitment
Student Advisor
Head of occupational health and safety engineering Department
Member of the Scientific and Executive Committee of the Conferences
Member of the Environmental Impact Assessment Committee in the health sector
Secretary of the Committee on the Work Environment System
Member of the Academic Qualification Committee
Member of the Institutional Accreditation Group
Member of the Supervisory Council of Research and Technology
Member of the Council for the Publishing of the University Library
